

Curriculum Vitae

Juan Andres

Head Novartis Group Quality

Juan Andres is Head of Novartis Group Quality since 2010.

Prior to this appointment, Mr. Andres was appointed Head Pharma Quality Assurance in April 2009, reporting to the Head of the Pharmaceuticals Division, and functionally to the Head of Quality & Technical Operations, Novartis International AG.

During his career at Novartis, Mr. Andres has also served as Global Head of Technical Research and Development (TRD) and Head of Pharmaceutical Operations in TechOps.

Prior to joining Novartis, Mr. Andres worked for Eli Lilly & Co. for nearly 20 years in a variety of manufacturing, production and quality roles in the US, Puerto Rico, UK and Spain, including Vice President Pharmaceutical Manufacturing & Devices.

Mr. Andres has a degree in Pharmacy from Alcala de Henares University in Madrid and completed the Advanced Development Program at the London Business School.
