

# RWE Lead

Job ID

REQ-10024336

10 octobre 2024

Portugal

## Summary

Lead the integrated RWE planning and implementation of the RWE strategies at a country level and develop robust evidence package.

Drive cross functional collaboration to identify data/evidence gap and contribute to the timely reimbursement approvals, contract reimbursement renegotiations and value preposition of Novartis brands.

Partner with internal and external stakeholders on evidence generation and value confirmation to ensure broad and sustainable access to Novartis marketed brands and future pipeline assets.

Support the development of a local RWE strategy and vision.

## About the Role

### Major accountabilities:

- Assess evidence data gaps and build evidence generation plan for Novartis marketed brands and future pipeline assets.
- Analyze the local RWE landscape together with the local cross-functional team and Region/Global RWE team. Identify potential gaps, anticipate potential access challenges, and needs for the next 1-3 years, and set up a plan to meet those needs.
- Align with Early Value Access Lead and Medical New Products Lead the local RWE generation plan within the launch plans and the clinical trial prioritization plan for the asset brands.
- Understand the evidence needs and make recommendations on fit-for-purpose data and analytics solutions.
- Responsible for the tactical execution of RWE strategy and plans for Novartis products.
- Working with external costumers to execute applicable projects
- Conduct routine literature review in relate therapeutic area to understand Novartis product and comparator status.
- Provide input to global/region regarding data generation for pipeline.
- Build experience in evidence generation methodologies and their processes at Novartis and its legal and regulatory framework.
- Partner with cross-functional teams in the development of evidence to support reimbursement dossiers and formulary listing.
- Lead and coordinate activities for the publication (e.g., papers, congress presentations) of the evidence generated and communicate this evidence with external stakeholders.
- Develop and support RWE projects management with high standards of operational excellence.
- Networks effectively across Novartis and wider forums to identify opportunities for collaboration and to identify and leverage best practices across the function.
- Lead the RWE capability building at a local level.
- Interact with others in a positive and constructive way, being open to diversity and aligned with corporate

guidelines, in order to guarantee Novartis has a working environment free from all forms of discrimination and harassment as well as contributing to a positive and inclusive working environment.

- Work within Integrity and Compliance policies and ensure those around him/her do the same, complying with job Excellence Standards to contribute to the alignment with Novartis Global procedures and objectives.
