

Medical Science Liaison (MSL), Czech Republic

Job ID

REQ-10023882

Sep 27, 2024

Czech Republic

Summary

The MSL is field-based associate responsible for scientifically engaging, collaborating and aligning with a broad range of external partners to co-create value, address identified patient needs and ultimately change the practice of medicine for better patient access and outcomes. They demonstrate the right evidence & non-promotional materials and activities at the right time during their engagements and identify insights and opportunities that impact and inform the Integrated Product Strategy (IPS), Integrated Evidence Generation Plans, launch excellence roadmap, Patient Journey and medical strategies. MSLs also supply to innovative partnerships and implement relevant disease area strategies. They will act as a strategic scientific partner, and collaborate with other Field matrix colleagues (e.g. Value/Market Access, HEOR, clinical research colleagues) to ensure Novartis can support healthcare systems strengthening & improve patient access and outcomes.

About the Role

- **Key Responsibilities:**

- Be a strategic internal partner, gather and leverage insights for an impactful contribution to Patient Journey mapping, launch excellence roadmap, evidence generation plans, integrated product strategy and subsequently the medical strategy
- Identify data gaps, data generation opportunities (including RWE and implementation science, precision medicine), and key unmet needs and opportunities to help improve patient access and outcomes
- Ensure appropriate identification and mapping of external customers, aligned to the medical strategy, and in collaboration with other Novartis colleagues. Able to create , flexible engagement strategies and plans, demonstrating multiple channels and tailored content to meet the changing needs of external partners
- Personalize and expand external partner engagement beyond Healthcare Professionals. Support and supply to innovative partnership models for shared ownership in tranredefiningnical practice
- Analyzing, maintaining and updating knowledge of competitive information (e.g. clinical program, market tactics, activities, strengths and weaknesses) based on regular basis
- Adopt and demonstrate digital channels for a broader, effective, personalized reach and impact, in addition to leading high level impactful scientific events, exchanges and medical education
- Lead administrative responsibilities in a timely manner (customer relationship management tool, compliance training and other modules, expense reporting, etc.)
- Promote and adhere to Ethics and Compliance Professional Practices Policy
- Maintaining of accurate and up to date info in the CRM system, internal databases, systems. Regular reporting according to local and global settings

- **Essential requirements:**

- Education: Pharmacist, Masters, or other post-graduate degree in health/life sciences. Doctoral degree

preferred (PharmD, PhD, MD)

- Proficient English and Czech
- Acts with credibility and clarity of purpose to build and maintain effective and collaborative relationships.
- Working knowledge of the Healthcare System and research procedures as well as the guidelines relevant to the pharmaceutical industry
- Experience in a medical function (2-3 years preferred) in at least one therapeutic area is an advantage
- Capable of self-directed learning and having a growth mindset
- Excellent communication, interpersonal, and influencing skills, with the ability to communicate to a variety of audiences
- Application of a curious approach, employing active listening skills and asking open questions to gain insights and uncover current thinking
- Capable to adapt, organize, prioritize, and work effectively and collaboratively on multifunctional teams in a dynamic field-based environment
- Validated ability to successfully demonstrate new technology/digital/IT solutions for stakeholder mapping, development, management, and field medical insights gathering.
- Solid business mentality including innovative, solution-oriented, and critical thinking with a performance-focused aim to achieve objectives and complete tactics

You'll receive:

- Company car
- Monthly pension contribution matching your contribution up to 3% of your gross monthly base salary
- Company Shares Program
- Risk Life Insurance (full cost covered by Novartis)
- 5-week holiday per year (1 week above the Labour Law requirement)
- MultiSport Card (costs covered by company)
- 4 paid sick days within one calendar year in case of absence due to sickness without a medical sickness report
- Cafeteria employee benefit program – choice of benefits from Benefit Plus for 12,500 CZK per year
- Meal vouchers for 105 CZK per day (tax covered by the company)
