

Global Procurement Category Manager Biologics and Cell & Gene

Job ID
REQ-10019174

Sep 10, 2024

Czech Republic

Summary

The Global Procurement Category Manager Biologics and C&G plans and leads all strategic aspects within the category, across platforms, on a Global level and develops proposals for strategic business decisions. The role provides high value procurement solutions to the business and category strategies; support make or buy decision, support third party vendor selection, vendor development, technology management, performance measurement activities and supporting in- and out licensing activities from a procurement perspective. The Global Procurement Category Manager Biologics and C&G ensures best-in-class delivery of external services and products for this category to support projects and to realize year-on-year productivity improvements, cost savings, and process improvements in close collaboration with relevant stakeholders.

About the Role

Major Accountabilities:

- Applying risk management processes including identifying and evaluating risks and defining and executing a risk mitigation plan.
- Projecting the dynamics and impacts (e.g. mergers and acquisitions). Extracting, cleansing and consolidating information to fact-based insights for further usage e.g. in category strategies.
- Conveying messages clearly and convincing stakeholders.
- Achieving results by proactively building long-term, sustainable and effective relationships, understanding the stakeholder landscape
- Demand management - Responsible to ensure the right balance between business needs and Novartis' strategy.
- Accountable to work with stakeholders to identify the most cost-effective ways to deliver business objectives.

Minimum Requirements:

- 5 - 7 years of relevant business experience in managing Contract Manufacturing Organizations and/or Strategic Suppliers within the pharmaceutical industry (industry specific experience).
- Preferably >10 years of experience in Procurement or other related experience within the pharmaceutical industry, preferably in category management, supplier management, or related area, with a focus in the Biologics and/or C&G field.
- Strong project management or other leadership experience.
- Strong negotiation skills on various areas (BD&L deals, Price Negotiations, Liability Claims)
- Excellent spoken and written English.
