Job ID  
320942BR  
Slovenia

### **Job Description**

**9 years in a row!** Lek is among the most reputable employers in Slovenia.

Your role as QA Manager ESO FDF (m/f/d) will be external suppliers and product management. You will be a part of interdisciplinary team and will act as contact person with external suppliers regarding all quality related activities.

#### **Your key responsibilities:**

- QA agreement management.
- Supplier quality risk assessment.
- Product Quality Review (PQR).
- Complaints, deviations and escalations.
- Audit planning and CAPA follow up.
- Supporting change management process.
- Supplier and product KQI ownership and reporting.

### **Diversity & Inclusion / EEO**

*Novartis is committed to building an outstanding, inclusive work environment and diverse team's representative of the patients and communities we serve.*

### **Minimum Requirements**

#### **What you'll bring to the role:**

- University degree (MSc is desirable) in pharmaceutical, chemical or other appropriate sciences.
- At least 2 years of experience in quality management, quality control, manufacture, regulatory affairs, or other related discipline.
- Excellent knowledge of English language (written and spoken).
- Flexibility to work in a fast paced, constantly evolving work environment.
- Ability to operate in a global matrix environment.

#### **Desirable Requirements:**

- Supplier management experiences.

#### **You'll receive**

Flexible working schedule, competitive compensation package, annual bonus, possibility to work from home, pension scheme, employee recognition scheme, sports club membership, employment at Top SI employer, learning and development opportunities and much more.

We offer **permanent employment**.

You are kindly invited to submit your application **in Slovene and English language**, including CV on our website **by 18th of October 2021**.

### **Why Novartis?**

769 million lives were touched by Novartis medicines in 2020, and while we're proud of this, we know there is so much more we could do to help improve and extend people's lives.

We believe new insights, perspectives and ground-breaking solutions can be found at the intersection of medical science and digital innovation. That a diverse, equitable and inclusive environment inspires new ways of working.

We believe our potential can thrive and grow in an unbossed culture underpinned by integrity, curiosity and flexibility. And we can reinvent what's possible, when we collaborate with courage to aggressively and ambitiously tackle the world's toughest medical challenges. Because the greatest risk in life, is the risk of never trying!

### **Imagine what you could do here at Novartis!**

Novartis are an equal opportunities employer and welcome applications from all suitably qualified persons.

### **Commitment to Diversity & Inclusion:**

Novartis is committed to building an outstanding, inclusive work environment and diverse team's representative of the patients and communities we serve.

We will ensure that individuals with disabilities are provided reasonable accommodation to participate in the job application or interview process, to perform essential job functions, and to receive other benefits and privileges of employment. Please contact us to request accommodation.
