### **Job Description**

Sandoz, a Novartis division, is a global leader in generic pharmaceuticals and biosimilars. Our purpose is to pioneer access for patients by developing and commercializing novel, affordable approaches that address unmet medical need. Our ambition is to be the world's leading and most valued generics company.

As a highly analytical and technically adept business partner for the Sandoz Turkey Team, the incumbent is responsible for managing financial projects & finance team

#### Key Responsibilities;

- To define and build up the structures, general policies and strategies of Sandoz Turkey for financial issues in view of business requirements.
- To help the top management to adapt the structures to changing macro and pharma-economical conditions.
- As a member of Sandoz Executive committee, playing key role in coordinating and steering projects with financial content between various company units.
- Ensure that the team colleagues are properly trained so that they always meet Sandoz requirements for routine jobs as well as for extraordinary and complicated projects
- To work in close relationship with Novartis country finance organization in necessary areas.
- Coordinating and steering BPA functions. Initiating deviation analysis between actual and planned figures, monitoring the reasons and possible future expectations. Suggestion and implementation of measures for the sake of a stable and profitable operation of the company.
- To analyze and control the appropriateness of the studies done within the department.
- This position directly reports to Country Head and is a member of SEC

### **Diversity & Inclusion / EEO**

*Novartis is committed to building an outstanding, inclusive work environment and diverse team's representative of the patients and communities we serve.*

### **Minimum Requirements**

- University degree in Economics, Business Administration or related fields
- Min 5 years post qualification and relevant financial business experience in a pharma industry
- Strong analysis skills
- Good project management background
- People management experience, including ability to influence behaviors and help them thrive to achieve high quality results
- Result driven, being able to perform in a challenging environment

- Team player, excellent interpersonal skills, ability to successfully handle conflicts
- Good business reports writing skills and proficient in English (written and spoken)
- Proven ability to: prioritize resource and deliver key activities in a highly competitive environment, including pragmatic, agile, flexible mindset, convert observations into strategic insights and implications
