Job Description

105,000 people reimagining medicine for more than 750 million people globally. That is also the number of people you may impact as our new internal consultant.

Your responsibilities include, but are not limited to

- Planning & management, gather requirements to develop detailed project plans and Project estimations to task level, proactively assist the business to identify upcoming conflicts and resource gaps.
- Serve as interface with the global and local brand teams on project planning and delivery management. Ensures delivery of efficient and high-quality deliverables, provide effective, timely responses to adhoc requests.
- Manage an efficient and high-quality team that promotes synergy and best practice sharing among resources, drives collaboration with Country Organizations in managing high standards of communication and delivering best in class services.
- Provide guidance on training requirements in relation to commercial processes; take initiative to drive standardization of reports across brands.
- Explore, develop, implement and evaluate digital innovation solutions that address customer needs. Co-create with key stakeholders to build partnerships & collaborations.
- Lead the delivery of multiple projects across a variety of creative and marketing channels, including print and digital media. Develop and coordinate project plans across the design, development and production stages of a project to support the successful delivery within set KPI's.
- Works in collaboration with brand teams, technical teams & all functions to maximize value.
- Provides consultancy, advice and assistance on strategy for commercialization of products, and influence marketing/Marketing Sales Operation team on decision making.

Diversity & Inclusion / EEO

Novartis is committed to building an outstanding, inclusive work environment and diverse teams representative of the patients and communities we serve.

Minimum Requirements

What you'll bring to the role:

- 7+ Years Knowledge of adult education theory and practice. Experience in managing multiple projects at any given time.
- Learning and Business related degrees of which one should be to Masters Level. Project Management qualification. Train-the-trainer and/or instructional design qualification essential

- 3+ years Clinical or Pharmaceutical experience with deep understanding of Medical, Commercial and Technical Operations, 5+ Years' experience leading diverse (Cultural, Geographical) project teams with stretch targets and tight timelines within a matrix organization. 5+ Years managing learning project budgets of up to \$1m including vendor and contractor management, experience managing project level P&L's. 3+ Years working in a customer-facing role, ideally with an agency providing services into the Pharma industry.

Why Novartis?

769 million lives were touched by Novartis medicines in 2020, and while we're proud of this, we know there is so much more we could do to help improve and extend people's lives.

We believe new insights, perspectives and ground-breaking solutions can be found at the intersection of medical science and digital innovation. That a diverse, equitable and inclusive environment inspires new ways of working.

We believe our potential can thrive and grow in an unbossed culture underpinned by integrity, curiosity and flexibility. And we can reinvent what's possible, when we collaborate with courage to aggressively and ambitiously tackle the world's toughest medical challenges. Because the greatest risk in life, is the risk of never trying!

Imagine what you could do here at Novartis!
