Job Description

100% carbon-neutral is our ambition!

We aim to become carbon neutral in our operations by 2025. To achieve this 100% carbon-neutral ambition, we are making considerable operational changes in our global fleet services. This includes a phased switch from reliance on internal combustion engines to alternative powertrain vehicles, also known as electric vehicles (EV), and the move to a new fleet services provider in Europe, Fleet Logistics.

Your responsibilities:

As Country Fleet Specialist, your responsibilities include, but are not limited to:

- Understand and support the Green Fleet Category Strategy.
- Change management for Green fleet implementation - Manage a community of drivers representatives, get their buyin, localise communication, plan drivers training, etc...
- Execute transactional Fleet activities for France, Belgium and Netherlands in line with category strategies, and in compliance with relevant policies and operating procedures, including preferred supplier agreements
- Participate in regular business reviews with Fleet vendors, organize and plan some business reviews with small suppliers.
- Maintain strong information flows back to Fleet Management Company, local Procurement and P&O teams

Fixed-term-contract

The Global project duration is 18/24 months and the contract duration will be at least 6 months renewable.
