Job Description

105,000 people reimagining medicine for more than 750 million people globally. That's also the number of people in Novartis you may impact as our new Internal Consultant. Part of a team that enable, support and deliver major transformation initiatives globally.

A global role that is part of a new internal consulting practice with responsibility for delivering strategic consulting programs, driving operational efficiencies and implementing business change. Delivering a portfolio of consulting programs and projects globally and cross divisionally across the diverse functionality of Commercial, Scientific and Operational Services Practices, ensuring effective Project Management (PMO) and Business Process Transformation (BPT). Ensuring that the internal customer relationship is proactively managed and the highest levels of customer satisfaction are maintained throughout the lifecycle of the project. To work with a diverse internal customer base, Consulting leadership team and PLS leadership team to identify, pursue and execute business development opportunities that will ensure an expansion to the consulting services that can be offered by PLS to the divisions in line with the overall PLS strategy.

Key Accountabilities

- Assist project teams in managing major internal customer transformation programs and projects through business process modelling and implementing new ways of working so that they:
- Ensuring the solution is properly designed and implemented according to the relevant project methodology and approach agreed with customer
- Ensuring deliverables are prepared within the relevant project delivery methodology, managing project risks, where required
- Ensuring appropriate compliance with other compliance frameworks, as appropriate, including: NP4, POP, NFCM, IGM, ICE
- Support management of the project portfolio through regular status reporting and stakeholder management updates
- Support the Principal Consultants to develop consulting tools and methodologies for delivering consulting project opportunities
- Support multi-disciplinary teams – internal customer, functional, IT, third party

Minimum Requirements

Key Requirements

- 3-5 years experience in a consultancy role
- Postgraduate degree in technical or business discipline
- Management consulting, Outsourcing or Pharma
- A developing change agent with project and program management experience from a Top 5 consulting firm either as permanent hire or internship
- Demonstrated analytical, process-oriented and data driven mindset - A proven ability to manage multi-functional business change and to get straight to the heart of issues and provide insights
- Demonstrate strong written and verbal communication skills as well as solid presentation skills
- Successful track record in application of consulting tools and solutions in solving complex business problems, including Lean Six Sigma (LSS)

You'll receive:

Competitive salary, Annual bonus, Pension scheme, Share scheme, Health insurance, 25 days annual leave, Flexible working arrangements, subsidized dining facilities, Employee recognition scheme, learning and development opportunities.

Why consider Novartis?

750 million. That's how many lives our products touch. And while we're proud of that fact, in this world of digital and technological transformation, we must also ask ourselves this: how can we continue to improve and extend even more people's lives?

We believe the answers are found when curious, courageous and collaborative people like you are brought together in an inspiring environment. Where you're given opportunities to explore the power of digital and data. Where you're empowered to risk failure by taking smart risks, and where you're surrounded by people who share your determination to tackle the world's toughest medical challenges.

Novartis Ireland Ltd. has been certified as a Top Employer 2019 by the Top Employers Institute for its exceptional employee offerings!
