Job Description

Tech Transfer Lead (f/m/d), MS&T, Schafftenau, Austria

More than 150! That is the number of countries, where we reach patients with our biotechnological products! As part of the Manufacturing Science & Technology team, you can make a difference to millions of patients around the world by supporting the life cycle management and continuously improvement of medical device or combination products.

Your key responsibilities:

Your responsibilities include, but are not limited to:

- Responsible for technology transfer activities at site level including any scale-up or other process adaptations
- Leads technical transfer project team at site and liaises efficiently with involved functions
- Act as SPOC on site for technical transfer
- Establish site project plan, elaborate scientifically sound technical strategies with project team
- Establishes local procedures & templates for technical transfer
- Independent and responsible for own projects

Minimum Requirements

What you'll bring to the role:

Essential:

- B.Sc. or MSc in chemistry, biology, pharmacy or related field
- 3-5 years of experience in pharma industry, preferably in technical transfer and drug product
- Familiar with project management tools and relevant experience in this field
- Good communication skills
- Fluency in English; German is a plus

Desirable requirements:

- Critical thinking, collaborative approach, positive mindset

Why Novartis?

769 million lives were touched by Novartis medicines in 2020, and while we're proud of this, we know there is so much more we could do to help improve and extend people's lives.

We believe new insights; perspectives and ground-breaking solutions can be found at the intersection of medical science and digital innovation. That a diverse, equitable and inclusive environment inspires new ways of working.

We believe our potential can thrive and grow in an unbossed culture underpinned by integrity, curiosity and flexibility. And we can reinvent what's possible, when we collaborate with courage to aggressively and ambitiously tackle the world's toughest medical challenges. Because the greatest risk in life, is the risk of never trying!

Imagine what you could do here at Novartis!

In addition to a market-competitive base salary, we offer an attractive incentive program, a modern company pension scheme, childcare facilities, learning and development options as well as worldwide career opportunities within the Novartis group. In accordance with Austrian law, we are obliged to disclose the minimum salary as stated in the collective bargaining agreement. For this position the minimum salary is € 51.180,50 /year (on a full time basis). In most cases, the actual salary will be higher, as we strive to maintain a competitive position in the market and consider your previous experience, qualifications and individual competencies.

Commitment to Diversity & Inclusion:

Novartis is committed to building an outstanding, inclusive work environment and diverse team's representative of the patients and communities we serve.

Our recruitment decisions are based on selecting the best person for the job, regardless of gender, religion, age, color, race, sexual orientation, nationality or disability.
