Job Description

With 53 manufacturing sites in 26 countries, our aspiration is to become the top manufacturer of innovative and generic medicines in the industry.

Your key responsibilities:

- Transport/Shipping verification.
- Primary packaging material specifications. Review materials used and provide technical expertise to ensure robust packaging operations.
- Consumables introduction and management. Build Leachables and Extractables expertise for supporting the sites.
- Own Life cycle responsibilities (e.g. in Change Control or business continuity).
- Process standards management (e.g. write SOPs and support on manufacturing instructions, etc.).
- Perform technical document management activities. Support DI checks, by reviewing validation protocol and reports and ensure right document flow.
- Implementation of new API suppliers project management.

Diversity & Inclusion / EEO

Novartis is committed to building an outstanding, inclusive work environment and diverse team's representative of the patients and communities we serve.

Minimum Requirements

What you will bring to the role:

- BSc. in Pharmacy, Pharmaceutical Technology, Chemistry or equivalent scientific degree.
- Desirable MSc. or equivalent experience.
- Minimum 3 years experience in GMP manufacturing relevant to the specialist area of expertise.
- Proven process understanding (Pharma, GMP, Regulatory aspects).
- Proficient in English language.
- Knowledge of Microsoft Office.

You'll receive:

Competitive salary, Annual bonus, Flexible working schedule, tailored to your needs, possibility to work from home, Pension scheme, Employee Recognition Scheme, Sports Club Membership, employment at Top SI Employer, Learning and development opportunities.

We offer **permanent employment**, with **6 months** of probation period.

You are kindly invited to submit your application in English language, including CV by **10th of December 2021**.

Why Novartis?

769 million lives were touched by Novartis medicines in 2020, and while we're proud of this, we know there is so much more we could do to help improve and extend people's lives.

We believe new insights, perspectives and ground-breaking solutions can be found at the intersection of medical science and digital innovation. That a diverse, equitable and inclusive environment inspires new ways of working.

We believe our potential can thrive and grow in an unbossed culture underpinned by integrity, curiosity and flexibility. And we can reinvent what's possible, when we collaborate with courage to aggressively and ambitiously tackle the world's toughest medical challenges. Because the greatest risk in life, is the risk of never trying!

Imagine what you could do here at Novartis!

Commitment to Diversity & Inclusion:

Novartis is committed to building an outstanding, inclusive work environment and diverse team's representative of the patients and communities we serve.

We will ensure that individuals with disabilities are provided reasonable accommodation to participate in the job application or interview process, to perform essential job functions, and to receive other benefits and privileges of employment. Please contact us to request accommodation.
