Job Description

1 million is the number of patients that Novartis Worldwide touched in 2018. Have you ever imagined how does your work impacts society and how many lives can you improve through your daily activities?

With annual sales for 309 MDD in Mexico, Novartis Mexico has signed 06 agreements with Healthcare Institutes to provide High Specialty treatments to patients for improve and extend their lives

Your key responsibilities

- Lead the cross-functional Franchise Medical Team to ensure optimal collaboration within the country and Global Teams.
- Strategically influence and collaborate with senior leaders of different functions and other external relevant partners to support the Medical Product plans, clinical development, scientific communications and medical expert engagement plans
- Provide coaching and talent development opportunities to direct reports and managing performance reviews
- Drive and role model the culture and values and behaviors of the company accross their teams
- Maintain and drive the standards of medical and scientific excellence in the country Franchise through recruitment, trianing development and technical development of associates.

What you'll bring to the role: Essential:

- Works within Ethics and Compliance policies
- Achievement of annual targets for medical activities

Why Novartis?

769 million lives were touched by Novartis medicines in 2020, and while we're proud of this, we know there is so much more we could do to help improve and extend people's lives. We believe new insights, perspectives and ground-breaking solutions can be found at the intersection of medical science and digital innovation. That a diverse, equitable and inclusive environment inspires new ways of working. We believe our potential can thrive and grow in an unbossed culture underpinned by integrity, curiosity and flexibility. And we can reinvent what's possible, when we collaborate with courage to aggressively and ambitiously tackle the world's toughest medical challenges. Because the greatest risk in life, is the risk of never trying!

Imagine what you could do here at Novartis!
