Bring your skills and help transform the future of health.

Product Engineering **Product Management** **Agile** **Data Strategy**
Data Engineering **Digital Marketing** **Data Science** **Project Management**

Our journey towards reimaging medicine brings extraordinary opportunities.

Within Digital at Novartis, we:

- Experience industry-first global projects that have a life-changing purpose
- Shape a startup environment in an organization with global reach
- Collaborate in small and nimble teams

[Video of Meet Anna, Director, Bioinformatics and Analytics](#)

7 years, 2 careers! I started at Novartis working in the lab. With the support of my manager, I got more involved with our bioinformatics and computational groups. I am now a Data Scientist, but could not have made the move without the flexibility and encouragement Novartis provided.

Emma, Scientist
