

Patient Organization Funding Report 2022

Description of funding category

Grants are freely given to support medical/scientific research, education and patient advocacy activities with no consequent obligation on the recipient to provide benefits in return.

Membership fee (annual, monthly) of a patient organization which purpose aligns with Novartis mission to discover new ways to improve and extend people's lives.

Funding of **research collaborations and consortium activities** undertaken by Novartis with patient organizations to advance specific and shared objectives.

Donations are freely given for the purpose of enhancing healthcare, or supporting communities that Novartis associates have a presence in with no consequent obligation on the recipient to provide benefits in return. Donations can include monetary funding and used items such as equipment or furniture.

Speaker engagements can include patient journey, testimonials, interviews, speaking at events. **Consultancy activities** can include participation in advisory boards, patient councils and focus groups. **Services** can include conducting surveys, run qualitative interviews.

Services provided to a patient organization by a third-party such as meeting organization, printing of material, translation services, digital capacity building, conducting a virtual webinar, developing or maintaining website, etc.

Sponsorship can include funding provided to a patient organization to run an advisory board, to support fundraising events organized by a patient advocacy organization, to support corporate citizenship activities in communities where Novartis has a presence or participation in a corporate membership program led by a patient advocacy organization.

Non-monetary support provided by Novartis without third-party intermediary. Support given can include Novartis employee manpower, use of Novartis meeting rooms or facilities, provision of expertise or services from a Novartis associate.
