Basel, February 27, 2015 — More than 98% of Novartis shareholders today followed the Board of Directors’ recommendations for all proposed resolutions at the Group’s Annual General Meeting. A total of 1,703 shareholders were present at the meeting held in Basel, representing approximately 61.1% of the issued shares of Novartis.

Shareholders approved the eighteenth consecutive dividend increase per share since the creation of Novartis in 1996, with an increase of 6% to CHF 2.60 for 2014 compared to CHF 2.45 in 2013. Payment for the 2014 dividend will be made with effect from March 5, 2015.

“In 2014 Novartis embarked on a major transformation, encompassing our product portfolio, our company structure and our corporate culture. The planned focus of our operations on our three divisions – Pharmaceuticals, Alcon and Sandoz, the consolidation of our internal services into a single organization and the revision of our core values and behaviors will strengthen Novartis for the long term, improving our ability to grow sales, profits and dividends while at the same time increasing our ability to research and develop innovative medicines and therapies for the benefit of patients worldwide,” said Dr. Joerg Reinhardt, Chairman of the Novartis Board of Directors.

Strengthening and simplifying Novartis governance in line with Minder Ordinance

In 2013 and 2014 Novartis implemented significant changes to its governance system in accordance with the Swiss Ordinance against Excessive Compensation in Listed Stock Corporations (the “Minder Ordinance”), including the adoption of both a new governance structure and a new compensation system. Shareholders now approved changes to the Articles of Incorporation for Novartis to finalize implementation of the Minder Ordinance in line with current best practices for corporate governance and compensation. Already in 2013, shareholders approved a new compensation system with a simplified structure, allowing shareholders to better evaluate long and short-term performance relative to objectives.
Votes on Compensation for the Members of the Board and the Executive Committee
Shareholders approved in two separate binding votes the total maximum amount of compensation for the members of the Board covering the period from the 2015 AGM to the 2016 AGM and the total maximum amount of compensation in respect of 2016 for the members of the Executive Committee. Furthermore, shareholders endorsed in an advisory vote the 2014 Compensation Report – compensation for the Executive Committee of Novartis for 2014 was comparable to the aggregate compensation for 2013.

Annual re-election and election of Members of the Board
A large majority of shareholders re-elected each member of the Board of Directors who stood for annual re-election and Dr. Joerg Reinhardt as the Chairman of the Board of Directors for one year. Further, shareholders elected Nancy C. Andrews, M.D., Ph.D., as a new member of the Board. Ulrich Lehner, Ph.D. decided not to seek another term of office keeping Board membership to 11 members. The Board and management team of Novartis thank Mr. Lehner for his many years of distinguished service on the Novartis Board of Directors.

In addition, shareholders re-elected the following members of the Novartis Board of Directors to the Compensation Committee for one year: Srikant Datar, Ph.D., Ann Fudge, and Enrico Vanni, Ph.D. In addition, shareholders elected William T. Winters as member of the Compensation Committee. The Committee will be chaired by Enrico Vanni and each member will serve until the end of the next Annual General Meeting.

Furthermore, in line with the Board’s recommendation, shareholders also approved the cancelation of 29,200,000 shares repurchased on the second trading line under the sixth share repurchase program in the financial years 2013 and 2014. This will effectively reduce the Novartis share capital accordingly by CHF 14,600,000, from CHF 1,353,096,500 to CHF 1,338,496,500.
